

We were contacted by a former EMT about a newer ambulance available on Facebook Marketplace.

We had Aaron Asleson go to Carco Automotive Inc. in Rice Minnesota to see the ambulance and evaluate it. Aaron reported back that it was a good deal and we should buy it. He also stated that it had a Rebuilt Title.

Iverson Insurance was contacted and assured us that we would be ok but the Insurance would be based on the purchase price of \$148,075.00.

A telephonic meeting of the Parkers Prairie Community Ambulance Joint Powers was held to expedite the purchasing process. A Motion was made to purchase the 2023 Ambulance for \$148,075.00.

Discussion centered on the repaired nature of the vehicle and insurance. After discussion a roll call vote was made with a unanimous approval to purchase the ambulance.

Mike Lage - Buy	Roger Ruckheim - Buy
Kenny Raap - Buy	Bruce Jahnke - Buy
Bernie Suchy - Buy	Linda Bates - Buy
Paul Olson - Buy	

The swap out of equipment and sale of the old ambulance was part of the deal. The power lift was removed from the old vehicle and installed on the new one and a heavy duty brush guard was also installed. An additional \$5,000.00 was received for the old ambulance.
