

Eastern Township

61461, 115th Street, Parkers Prairie MN, 56361

4 May 2025

Spring Road and Bridge Inspection

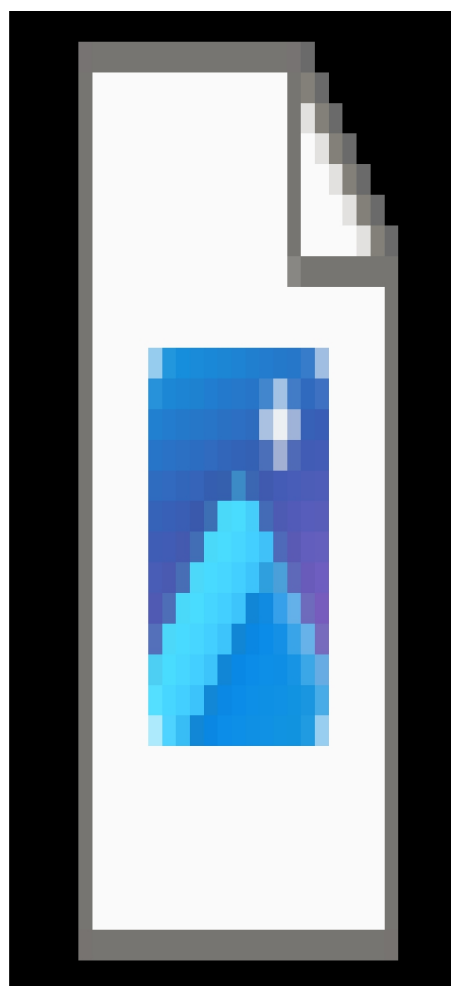

On 4 May 2025 a road and bridge inspection was conducted by Supervisor, Mike Lage, Jason Moller and Joey Rud. Tim Bowman of Bowman's Grading and Graveling was also present.

All gravel roads in Eastern Township were inspected for condition of the gravel, right of way and road signs.

Culvert aprons on 610th Avenue and 595th Avenue need to be backfilled. Culvert on 595th Avenue needs to be replaced and aprons need to be installed on the culvert on 110th Street.

We will put a asphalt gravel mix at the junction of CSAH 42 and 150th street to try to control the wash-boarding. Additionally we are going to add gravel to 625th avenue next to CSAH 71 to try and control the erosion.

Michael W. Lage
Eastern Township Supervisor
